

EMPLOYEE ON-BOARDING CHECK

A NEW EMPLOYEE RETENTION TOOL

The first days, weeks and months are pivotal for new hires. It's a critical time for them to learn the ropes, build rapport and feel welcomed,

Do you know if your employees have all they need to be successful?

ReadexResearch
Experienced. Trusted. Insightful.

WHAT IS EMPLOYEE ON-BOARDING CHECK?

- A short online survey designed to give organizations a means to spot new employees who may be at risk during their first days, weeks or months on the job.
- Surveys are implemented by Readex using our portal-based survey tool offering a standardized, real-time and economical experience.
- Included is an Action Alert system which instantly identifies responses from a new employee who might be having issues. You'll have the opportunity to connect with them immediately and make things right.

HOW DOES IT HAPPEN?

- When you want to run an Employee On-Boarding Check survey, you supply Readex with the email addresses of new employees. The email file can include as many as you want. There is no limit.
- Readex manages the survey process, including the sending of survey invitations. We send a total of two to maximize participation, which typically averages 25 - 35%.
- You sit back, watch responses come in and follow up on any Action Alerts.

THE SIZZLE: ACTION ALERTS

An Action Alert is triggered when a survey respondent answers a question at or below settings you establish. Your point person will receive an email that looks like this:

You have received an Action Alert from your current Employee On-Boarding Check survey wave.

The information is as follows:

List Employee: ABC Corporation

List Email: rsmith@abc.com

List Contact: Rose Smith

[click here](#) to view this and all Action Alerts.

Please DO NOT reply to this email. It is an unmonitored account.

HOW IS INFORMATION REPORTED?

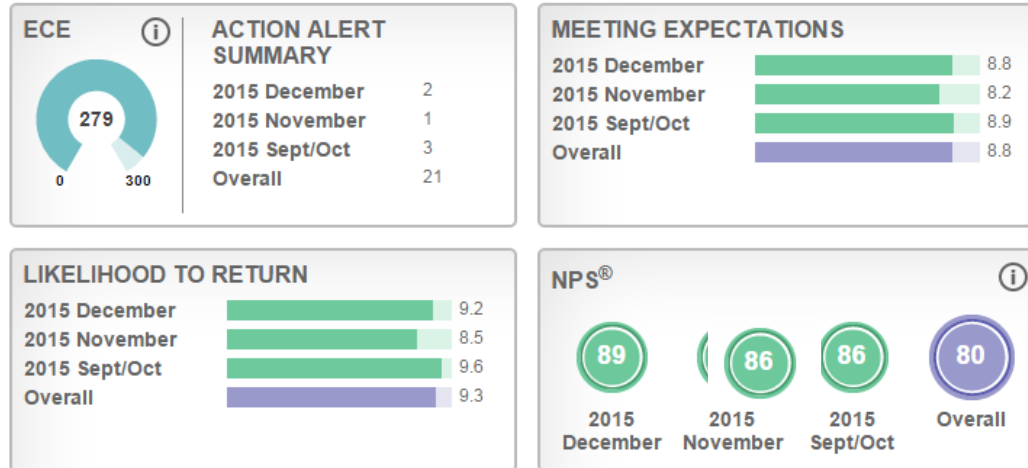

We use a real-time, online dashboard summarizing key data - all desktop, tablet and mobile enabled.

Click on "Menu" and access all data from all Check studies.

SUBSCRIPTION PRICING

- ✓ Annual Fee of \$500, which includes the first survey.
- ✓ Each survey event thereafter is \$100. This assumes there are no changes to the questionnaire. If editing the questionnaire, reporting website or survey invitations is required we will provide a quote.
- ✓ Example: 5 surveys per year, $\$500 + \$400 = \$900$.
- ✓ If an existing client wishes to add a new survey, we will discount the Annual Fee by 50%.
